# Ocean Candidates Forum

October 20th, 2016

The nonpartisan Ocean Candidates Forum provides an unprecedented opportunity for interested stakeholders to see how candidates seeking to represent them in Washington D.C. and Sacramento handle challenging questions of marine science and policy. We are requesting questions from the public in advance of the event.

The Forum, moderated by California's Secretary of Natural Resources John Laird, will feature candidates competing for the US House of Representatives seat in District 20 being vacated by the Honorable Sam Farr, as well as candidates for State Senate District 17 and State Assembly District 29.

**October 20, 2016 -- CSU Monterey Bay World Theater**  
**Reception: 6:00 p.m. Forum: 7:00-9:00 p.m.**  
**RSVP: World Theater Box Office 831-582-4580**
